CAMX 2023 Technical Papers

Summary

ID: TP23-0000000014

Abstract Submission

Incomplete

CAMX Abstract Submission Form

Technical Papers are 25-minute presentations that include a formal written research paper reviewed by industry peers within ACMA and SAMPE. They:

- Present research on materials and products, cutting-edge applications, design protocol, code development, case histories and statistical analysis.
- Are peer-reviewed for the CAMX Outstanding Technical Paper Awards.
- Are Microsoft Word documents that will be published as PDFs in ACMA's and SAMPE's online Technical Papers archive and in the CAMX Conference Proceedings.
- Are presented by authors in 25-minute presentations scheduled at CAMX using PowerPoint presentations to further explain their full length technical papers.
- Are non-commercial.

Track *

Select one Track that best aligns with your abstract topic.

(No response)

Will your final presentation be ITAR restricted? *

All abstracts should be open to the public and not ITAR restricted.

(No response)

Abstract Title *

An abstract must have a short, specific title that indicates the nature of the Technical Paper. Only the first word and proper nouns should be capitalized, and the title should not contain any abbreviations.

(No response)

Abstract *

Provide a 200-350 word abstract. Be as specific as possible by including what technologies or strategies will be covered, research cited, etc. This will be used by the conference committee to evaluate your session. Do not include any additional author or contact information in this section.

(No response)

Keywords *

Enter 3 - 12 keywords, separated by commas.

(No response)

Learning Objectives

Provide 2 - 3 brief bullet points describing what attendees will learn from your session. Each Learning Objective should complete the following sentence: "Upon completion, participants will be able to...." Use action words to begin this learning objective, such as list, describe, define, demonstrate, conduct, etc.

Learning Objective 1 *
